Executive Table of Contents

Dear Reviewer:

Files 6 through 9 of UC Merced’s Educational Effectiveness Review Report are PDF “portfolios”- a collection of documents each of which can be identified, accessed, and printed independently of the others. To enable the full and intended functionality of these portfolios, they must be viewed using Adobe Reader 9.1 or a later version. The most recent Adobe Reader can be downloaded at no cost from <http://get.adobe.com/reader/>.

Live links have been placed in File 2, the Required Essays, and File 5, the Appendices, to facilitate access to our institutional exhibits (evidence). As explained in the opening paragraphs of the Required Essays (File 2), some links take the reader to the internet, others to ‘internal’ documents in Files 6 through 9. To ensure functionality of these ‘internal’ links, should you choose to transfer these files to your hard drive, please transfer them as organized on the thumb drive. Please be sure to preserve the file names as well. We apologize for the number of files but the size of the Exhibits precluded creating a single file that would still be functional.
